

Dear Potential Sponsor,

ECRS is a well-established cycle of conferences about Residual Stresses which alternates every 2 years with the ICRS cycle. It follows the 8 previous editions held in Karlsruhe (1983), Darmstadt (1990), Frankfurt/Main (1992), Cluny (1996), Delft (1999), Coimbra (2002), Berlin (2006) and Riva del Garda (2010).

It is a convivial gathering of scientists, students and engineers interested by Residual Stresses which is a multi-scale phenomenon that influences most of the physical properties of materials and surfaces.

Although it concerns mainly mechanical engineering and materials science, it is of interest in solid state physics, life sciences, geology or chemical reactivity of solids. The control of residual stresses leads to enhanced properties of materials and structures as, for instance fatigue life or geometrical stability (distortions). As a very sensitive parameter, strongly influenced by the micro/nano-structure, the analysis of residual stresses gives a unique insight in the history of the material or the structure.

This conference will be a lively occasion for scientist in multiple disciplines (mechanics, physics, optics, chemistry of solids, manufacturing, diffraction, engineering...) using experimental, theoretical or numerical tools, to exchange their views and recent advances on the theme.

By becoming a sponsor you can greatly enhance your company's profile. Whether you decide to sponsor a block note, coffee breaks, or maybe sponsor an event such as our Gala Night, your company will have a highly visible presence.

Should you require any further information, please do not hesitate to contact the ECRS-9 team.

We look forward to welcoming you as one of our sponsors.

Kind regards,

**ECRS-9 Team**

## Info:

- **Pre-session Company's Logo Projection (during conference period)**

Prior to each conference session, our audio-visual technicians will project your company logo on our main screen, providing visual presence for your company throughout the conference.

- **15 Minutes Industry Talk, pending chair consent**

If approved by the conference chair, you will be given a unique opportunity to present your work to a focused and diverse audience. You will have the opportunity to speak to the participants and create enthusiasm and awareness of your organization by highlighting your contribution to the scientific community.

- **Sponsoring an Evening Event (Gala Night)**

An extremely popular, themed finale to the conference, attended by all participants, providing a great opportunity to promote your business with banners and promotional material. This event can be named after your company and will therefore appear on the conference website and within the programme. Fantastic exposure for your company as this is a memorable event for all.

- **Sponsoring a "Social Program"**

Cultural visits. Company's information and logo will be displayed on the associated page in the program booklet and your company name will be announced as sponsor prior departure to cultural visits.

- **Sponsoring a Welcome Cocktail Reception & Museum Visit/ Sponsoring Coffee Breaks/ Sponsoring Champagne Tasting**

- Your company name will be announced as sponsor prior the sessions.
- Beverage napkins with company logo will be provided.
- There will be a place available to put banners, brochures, and promotional materials. It will make a significant impact on all those attending in the welcome cocktail, coffee breaks, and champagne tasting.

*Please note: The production of banners and any promotional material is the responsibility of the sponsor.*

Please feel free to contact a member of our team to fully discuss your requirements and details of payment.
